YQCA (YOUTH FOR THE QUALITY CARE OF ANIMALS)

CERTIFICATION REQUIREMENTS

Effective Immediately, Wisconsin will replace the MAQA (Meat Animal Quality Assurance) program with the Youth for the Quality Care of Animals (YQCA) national program. This new and interactive program provides youth a number of options for an annual quality assurance certification. YQCA was created for youth in the Beef, Dairy, Goat, Poultry, Rabbit, Sheep, and Swine projects. This new program gives families more flexibility in acquiring this much needed information which trains youth in improving the care of food animals and promoting a higher level of consumer food safety. The livestock industry and businesses are constantly striving for high quality, wholesome products; therefore, youth in food animal projects should assist in this effort.

Sheboygan County will be offering two instructor led opportunities to be certified through YQCA. These programs are tentatively scheduled for March 15, 2018 from 4-6 pm or from 6-8 pm and will be held at Plymouth High School with instructor Tracy Heinbuch. Whether you complete the online modules or participate in the instructor led program you must register online. Upon completion of courses, an identification number will be provided to you and you must carry it with you and show proof at any/all contests in which you will participate.

What is the cost?

- \$12/person/year (pd online) for the online modules that are different each year. Members at College will need to complete the online modules.
- \$3/person/year (pd online) for the face to face trainings (Please communicate with 4-H Project Leadership regarding whether these costs are covered by your project.)

Online preregistration is REQUIRED, participants MUST do this PRIOR to the workshop, money is collected when participants register online. I have no way of being able to add or register people, if you are not registered you will not show up on the screen when we go to approve participation. Anyone that is 19-21 years in age their ONLY OPTION is online modules.

Please go to <https://yqca.learnrow.io/Account/Login> in order to register for either online or instructor led courses. **If you are a 4-H member, please log in through the 4-H Online system on the left.** If you are an FFA member or other organization affiliate, please sign in through the independent system on the right. You will create an account followed by either completing a sign up for an [instructor led meeting](#) or [online/web based](#) modules. Upon signing up for a course, you will then pay for that course with a credit card. Please email help@yqca.org for any assistance you need in creating or signing up in the YQCA system.

Of reminder, Wisconsin State Fair and other national exhibitions will require certification in YQCA for participation for 2018 events and beyond. This will be the case for **ALL ANIMAL EXHIBITORS at the Wisconsin State Fair** including dairy, goats, rabbits, and poultry! Wisconsin State Fair will be in contact sometime in January.

Continue to monitor the Wisconsin YQCA website for helpful information: <https://fyi.uwex.edu/youthlivestock/yqca/> and the Wisconsin Youth Livestock Program social media channels; [Facebook](#), [Twitter](#), [Instagram](#).

COMMUNICATIONS ARTS FESTIVAL NEEDS YOUR HELP!

For the past few years, the Communication Arts Festival has had just a few parents and youth working with the 4-H Youth Development Program Coordinator, but we need more help to make it a successful event. The event is open to all 4-H youth (including Cloverbuds) interested in the arts. Project categories include posters, photography, drawing, talks and demonstrations, and creative writing. The deadline for entering many tracks is usually a month before the event. On the day of the event, February 25th, youth will give their talks and demonstrations. Those entering the other categories will meet with judges who will review their creative submissions. This is a great way for our youth to become more comfortable having their projects judged and to receive valuable feedback on their work. The youth must be present at the festival in order to have their work judged. The creative writing entries are judged before the festival due to the time involved in reading and critiquing.

We need committee members – adult and youth – to help plan and execute this event. The committee is responsible for picking the date of the Festival, securing judges for the photography, writing, arts, posters and talks and demonstrations. In addition, on the day of the event, they will serve as judges’ assistants, tabulate points, distribute ribbons and set up art work.

Please contact Linda at linda.robson@ces.uwex.edu. If you are interested in helping on the committee or have suggestions for people who would make excellent judges for these categories, please let Linda know. It is good to have a mixture of new and experienced adults interacting with our 4-H youth.

I look forward to building a strong Communications Arts Festival committee for 2018.

Thank you,

Kelly Rauch, Sheboygan County Leaders Association Executive Board, rauchkelly@gmail.com
