Onward We March

Hello Members,

As I type this, I have so much I want to share with you. Unfortunately, we are still in Covid mode and social distancing. Therefore my letter and the Goldnotes will have to be the communication of this year again.

I want all of you to be safe and please mask and social distance. We will have our Education meetings via Zoom, but there also is a phone number you can call to listen and chime in. It looks like it is long distance number, but I have been told it is not a charge. I have included the Education mtg material and the Zoom links and phone number for February and March meetings. Please join us. I would like you to send a sign up sheet in to the office as we always have. This gives me an idea for my state records as to how many are participating. February, Myra Eischen has 2 chefs working with her on her presentation. Myra's are always great. In March we have a Master Gardener talking about our gardens. Time to think ahead!!

Please remember that every cultural arts items you made last year can be entered this year. That means, please make another item for this year. Can't wait to see all the entries. Our theme this year is "Reaching For The Stars". Please think about an entry that can be judged at our Rally Day, so we can send one to state. Take note in the Update that reservations can be made for state at Stevens Point. Wouldn't it be a fun time for a good number of Sheboygan County members to go????

I hope all clubs and individuals are staying in touch with each other during this time.

Remembering Joyce Riviers

Joyce has not been an HCE member for several years, but she was an HCE member for 61 years. She was a member of Johnsonville club and when that disbanded she joined Lima Bells. That was when I really got to know Joyce. She loved to sew, sewing bridesmaid dresses for both her son and daughters' weddings. Because of her sewing, she started the Stitches of Love project, sewing hats for cancer patients. She lived in a small house on Fond du Lac Avenue in Sheboygan Falls, but she had lots and lots of fabric. It was very difficult for her, when she gave up sewing hats. She enjoyed reading stories to the children in the Head Start Reading program for many years.

I remember taking Joyce and Winnie Jenkins, who just turned 100, along to the meetings. Many years of loyalty to homemakers and HCE.

Note From Jane

Dear HCE Member,

Please continue to stay safe and healthy! I continue to be amazed by President Carolyn's continued positive leadership. Thank you for supporting Kathi as she plans educational programs and your Executive Board as they continue to support your county organization. Thanks to Tammy for her support as well.

HCE Book Club News- Nancy Wagner & JoAnn Gadicke

Looking back on our next book originally slated for discussion in April 2020 it seems like so long ago that we decided on this book to read. Titled "The Good Neighbor," Maxwell King reveals Fred Rogers (1928-2003), creator of Mister Rogers' Neighborhood, whose guiding principles of his Christian faith—kindness, acceptance, and unconditional love—underpinned every aspect of his professional and personal life. Arranged more or less chronologically, the story traces Rogers's development from an often sickly and overweight child, subjected to childhood bullying and an overprotective mother. His upbringing, while often socially isolating, provided a rich environment for the development of his creativity; he went on to study musical composition and become ordained as a Presbyterian minister. Neighborhood, which ran from 1968 to 2001, was radical for its time, covering war, death, divorce, and other controversial topics honestly and respectfully for children's understanding. Grown-up fans, pop culture enthusiasts, and anyone interested in the history of educational television and child development will be inspired.

We will tentatively attempt once again to meet in person and discuss the book *The Good Neighbor*, on **Wednesday, March 31st, 2021, 11:30 am, Roadside Bar & Grill, Highway 57, Plymouth.**

Nancy has ordered our next book, titled "*Finding Chika: a little girl, an earthquake, and the making of a family*" by Mitch Albom. She will bring the books to the meeting. Think positive and hope for our March meeting to take place.

International Project

On the local project there is nothing to report. But on the state level we have a new state international person, Lylene Scholz. Lylene is from Manitowoc and she was a former state president and was international person about 5 years ago. The past committee chair, Eileen Gotteheat is taking the position of state Vice President. I want to thank Lylene for stepping up into the role. Lylene has eyesight problems but that doesn't stop her. She has been very involved in HCE for many years. I enjoy working with her.

I received an email from Amy Wiza of Wisconsin/Nicaragua partners concerning Kwik Trip gift cards. The sales are almost at \$30,000 since 2014. The Kwik Trip donation varies from 5% to 10% depending on their special offers and when cards are purchased.

Kwik Trip just had a rare 21% special, so they seized the opportunity to stock up and they have the cards. Feel free to tell friends. Thanks so much for helping make W/NP projects possible through the funds generated from Kwik Trip card sales. The enthusiasm for learning in Nicaragua is immense and you are helping to open opportunities for many. I just ordered some cards, both \$25 and \$50 denomination. The gift cards can be ordered from Amy Wiza, Room 129, Nelson Hall UWSP, Stevens Point, WI 54481. Telephone number 715.346.4702.

Another email from Amy was about shipping supplies. On January 14, they were happy to report 3 containers loaded the week of November 16 had safely arrived to the W/NP warehouse in Managua and are being distributed.

The Stevens Point office is very thankful for funds, items, doing all the work involved in packing. There were school desks, and Fire department turn out gear and other items useful for their stations. Also, at the end of the unloading process four police officers came to make sure they were all safe in the neighborhood and that no incident occurred during the unloading process. Amy wrote again thanks for making possible another successful shipment from Wisconsin to Nicaragua.

UW-Madison Division of Extension's Life Span program presents Wise Wisconsin Winter Series. Life Span Educators from around the state will host sessions on topics that will help you increase joy and satisfaction in your life and help you connect with others during the cold, snowy winter months. Grab a hot beverage of your choice and join us!

2/3/21 - *Cultivating Optimism* - Optimism isn't something you do; it is an awareness that can help us meet challenges with a positive mindset. Learn about techniques that will help inspire optimism in challenging times!

2/10/21 - *Social Connections* - Research tells us that one of the most important indicators of how well we age is by looking at the social connections we have. But what if we LIKE being alone? How are we supposed to connect socially while distancing physically? How do I make new friends and keep the old? Social connection means something different to each of us and our preferences and styles are important. Learn a little about yourself, those you love, and how to really connect with "your people."

2/17/21 - *Finding your Joy* - Find the Joy! Buckle your seatbelt and you will be in for a fun ride of discovering more about the keys to joy and happiness in our life. We will rediscover the keys to happiness that will inspire you to find the joy in your everyday living. Invite your relatives, neighbors, friends and loved ones for this hour of reflection, storytelling, and joy! Even in this time of struggles and unknowns there are glimmers of joy to be found to build our resiliency skills.

2/24/21 - *Money by the Heart* - Talking about money is hard, whether the conversation is with a partner, spouse, or in your own head! We often do not think of money as an emotional subject but thinking and talking about money can create some very strong feelings. Learn about incorporating the values and emotions of yourself (and your partner) in setting and reaching your financial goals.

3/3/21 - *Retirement Refirement* - Refiring Your Future! There are four pillars of a successful retirement that includes vision, balance, work and successful aging. This session will help you think about retirement as a time to do something with your life moving into the future and live life with a purpose. This will be a fun, positive, interactive investment in your future as we refire for the best of your life.

3/10/2021 - *I'm Absolutely, Positively Aging!* - What's the secret to successful aging? Believe it or not, it has nothing to do with your income, being free from illness, or a life without disappointments. Living a healthy lifestyle, maintaining a positive attitude, and friendships are just a few ways to age well. Join this session to learn more!
