Club Spotlight Schedule

Sheboygan County 4-H Clubs are one of the premiere experiences offered in our youth development program. The 4-H Leaders Association supports our 4-H Club in many ways, included financially, by providing educational programs to members and by encouraging individual members and families to engage in the program in many ways. Each 4-H Leaders Association Meeting is an opportunity for clubs to showcase their clubs features and highlight their members. Therefore, clubs are schedule to present to our Leaders Association members as follows. A team of members from each club should prepare to share a special report with our 4-H Leaders Association. This can include popular projects, unique club service and recreational activities, number of members and leaders and anything else that members think makes their club special.

Our Leaders Association is always looking for ideas to share with their own clubs and members and many great ideas have come from this sharing! Each presentation should be no longer than 10 minutes and members should be prepared to answer questions from leaders afterward. Presentations can include slideshows, picture, special projects, reporter books, games and more.
